A Better Wheelchair, A Better Fit

Manual Wheelchair

★ STAR2

*Stylish, Lightweight,
with Easy Transfer*

The Star 2 has been designed to change the image of the traditional wheelchair. Apart from its catching design, it provides excellent maneuverability and numerous ergonomic features. It also makes front transfer safer by offering patented swivel footrests.

Increased front transfer safety

Get closer to objects you want to transfer to and from with the patented swivel away footrest hangers.

◀ Patented Swivel Footrest

Lift and Swing, one simple action to free up leg space for transfer. The legrest is not detachable, so you will never lose it.

◀ Detachable Seating System

It's innovative detachable seating system makes it extremely easy to detach the upholstery, for cleaning. It also offers enhanced support and helps to avoid sagging.

with 14" transit wheels

◀ Compact, Easy to Carry

The foldable backrest and the swivel footrest reduce the overall size of the chair which makes it easier to store and transport.

- The seamless elliptical-frame design provides enhanced durability and gives the wheelchair a stylish appearance.
- Energy-saving tipping lever.
- Anti-mark footplate, helps prevent damage to furniture.
